
SSI: History of Provisions

Act

Basic Eligibility Requirements

1972

*Public Law 92-603,
enacted October 30*

An individual may qualify for payments on the basis of age, blindness, or disability.

Aged: Any person aged 65 or older.

Blind: Any person with 20/200 or less vision in the better eye with the use of correcting lenses, or with tunnel vision of 20 degrees or less. An individual transferred from a State Aid to the Blind (AB) program is eligible if he/she received such state aid in December 1973 and continues to meet the October 1972 state definition of blindness.

Disabled: Any person unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment expected to result in death or that has lasted or can be expected to last for a continuous period of at least 12 months. For a child under age 18, eligibility is based on disability of severity comparable with that of an adult. An individual transferred from a state Aid to the Permanently and Totally Disabled (APTD) program to SSI is also eligible if he or she received such state aid in December 1973 and continues to meet the October 1972 state definition of disability.

1973

*Public Law 93-233,
enacted December 31*

Only persons who had received APTD before July 1973 and were on the rolls in December 1973 may receive SSI on the basis of the state definition of disability; those who became eligible for state aid from July to December 1973 must meet the federal definition of disability.

1980

*Public Law 96-265,
enacted June 9*

A disabled recipient who loses federal SSI eligibility because of earnings at the substantial gainful activity level may continue to receive a special benefit under section 1619 and retain eligibility for Medicaid under title XIX of the Social Security Act. This special benefit status may continue as long as the recipient has the disabling impairment and meets all nondisability SSI eligibility criteria. States have the option of supplementing this special benefit.

This provision of the law was in effect from January 1, 1981, through December 31, 1983. Beginning in January 1984, under a 1-year demonstration project, this provision was continued for persons already eligible for either regular SSI payments or special monthly benefits.

1984

*Public Law 98-460,
enacted October 9*

The special benefit and Medicaid provisions of the 1980 legislation were extended through June 30, 1987 (retroactive to January 1, 1984).

1986

*Public Law 99-643,
enacted November 10*

The special benefit and Medicaid provisions of the 1980 amendments are made permanent. The provisions were amended effective July 1, 1987, with significant modifications to simplify administration and to allow free movement between regular SSI disability payments and either the special cash benefit or Medicaid eligibility under section 1619. The distinction between a disabled person eligible for regular SSI payments and one eligible for 1619(a) is that the latter has several months with gross earnings above the SGA level. Previously, section 1619(a) status required completion of a trial work period and the determination that the work was SGA.

1996

*Public Law 104-193,
enacted August 22*

For individuals under age 18, the “comparable severity” standard is eliminated and replaced with a requirement that a child be considered disabled if he or she has a medically determinable impairment that results in “marked and severe functional limitations,” and meets the existing statutory duration requirement. The law also eliminates references to “maladaptive

behaviors” in the Listing of Impairments for children, and discontinues the use of individualized functional assessments for children.

SSI eligibility is prohibited for an individual in any month during which such an individual is a fugitive felon, fleeing prosecution, or violating state or federal conditions of probation or parole. In addition, SSI eligibility is prohibited for 10 years for those convicted of fraudulently claiming residence to obtain benefits simultaneously in two or more states.¹

Other Eligibility Provisions

Citizenship and Residence

1972

*Public Law 92-603,
enacted October 30*

The individual must reside within one of the 50 states or the District of Columbia and be a citizen or an alien lawfully admitted for permanent residence or permanently residing in the United States under color of law. Persons living outside the United States for an entire calendar month lose their eligibility for such a month.

1976

*Public Law 94-241,
enacted March 24*

Eligibility for SSI is extended to residents of the Northern Mariana Islands, effective January 9, 1978.

1980

*Public Law 96-265,
enacted June 9*

The income and resources of the immigration sponsors of aliens applying for SSI are considered in determining eligibility for and the amount of payment. After allowances for the needs of the sponsor and his or her family, the remainder is deemed available for the support of the alien applicant for a 3-year period after admission to the United States for permanent residence. This provision does not apply to those who become blind or disabled after admission, to refugees, or to persons granted political asylum.

1989

*Public Law 101-239,
enacted December 19*

SSI eligibility is continued for a disabled or blind child who was receiving SSI benefits while living in the United States and is now living with a parent who is a member of the U.S. Armed Forces assigned to permanent duty ashore outside the United States, but not where the parent is stationed in Puerto Rico or the territories and possessions of the United States.

1993

*Public Law 103-66,
enacted August 10*

Above provision made applicable where the parent is a member of the U.S. Armed Forces and stationed in Puerto Rico or the territories and possessions of the United States.

1996

*Public Law 104-193,
enacted August 22*

Prohibits SSI eligibility for anyone who is not a U.S. citizen or national unless they are in a “qualified alien” category and meet one of certain exceptions such as lawful permanent residents who earn or can be credited with 40 qualifying quarters of earnings, certain refugee type categories eligible for up to 5 years of time limited eligibility, or active duty U.S. military or veterans and their spouses and children. Extends eligibility for aliens receiving SSI as of August 22, 1996 (the enactment date of the law) for 1 year after the enactment date for those aliens found ineligible under the new standards.

*Public Law 104-208,
enacted September 30*

Amends Public Law 104-193 to add to the list of “qualified aliens” certain noncitizens (and their children) who have been battered or subjected to extreme cruelty by a spouse or parent or a member of the spouse’s or parent’s family living in the same household.

¹This last provision was repealed in 1999 by Public Law 106-169 and replaced with a provision providing for non-payment of benefits for up to 24 months.

1997

*Public Law 105-18,
enacted June 12*

Extends eligibility for aliens receiving SSI as of August 22, 1996, until September 30, 1997, for those found ineligible under the new alien standards of Public Law 104-193.

*Public Law 105-33,
enacted August 5*

Further amends Public Law 104-193 to add Cuban and Haitian entrants, and the child of a parent who has been battered or subjected to extreme cruelty, to the list of qualified aliens. Provides that Cuban and Haitian entrants and Amerasian immigrants qualify for time limited eligibility, and increases the time limit from 5 to 7 years for all categories. Additional exceptions are added for qualified aliens: (1) lawfully residing in the United States and receiving SSI benefits on August 22, 1996 and (2) lawfully residing in the United States on August 22, 1996 and meeting the definition of blind or disabled in the Social Security Act.

Certain noncitizen American Indians are excepted from the alien nonpayment provisions of Public Law 104-193.

Extends eligibility for “nonqualified aliens” receiving SSI as of August 22, 1996, until September 30, 1998.

1998

*Public Law 105-306,
enacted October 28*

Permanently extends eligibility of all remaining “nonqualified aliens” who were receiving SSI benefits when Public Law 104-193 was enacted on August 22, 1996.

Other Benefits**1980**

*Public Law 96-272,
enacted June 17*

SSI applicants and recipients are not required as a condition of eligibility to elect to receive Veterans’ Administration pensions under the Veterans and Survivors’ Pension Improvement Act of 1978 if the state of residence lacks a medically needy program under title XIX.

Drug Addiction and Alcoholism (DA&A)**1972**

*Public Law 92-603,
enacted October 30*

Any disabled individual who has been medically determined to be an alcoholic or drug addict must accept appropriate treatment, if available, in an approved facility and demonstrate compliance with conditions and requirements for treatment.

SSI payments are required to be made through a representative payee—another person or public or private agency designated by SSA to manage the recipient’s benefit on his or her behalf.

1994

*Public Law 103-296,
enacted August 15*

Any individual who is receiving SSI based on a disability where drug addiction or alcoholism is a contributing factor material to the finding of disability must comply with the DA&A treatment requirements. The individual must accept appropriate treatment when it is available and comply with the conditions and terms of treatment. Instances of noncompliance with the requirements result in progressively longer payment suspensions. Before payments can resume, the individual must demonstrate compliance for specific periods; 2 months, 3 months, and 6 months, respectively, for the first, second, third and subsequent instances of noncompliance. An individual who is not in compliance with the DA&A treatment requirements for 12 consecutive months shall not be eligible for payments; however, this does not prevent such individuals from reapplying and again becoming eligible for payments.

SSI disability payments based on DA&A are also limited to a total of 36 benefit months (beginning March 1995) regardless of whether appropriate treatment is available. Months for which benefits are not due and received do not count towards the 36-month limit.

Payments based on DA&A must be made to a representative payee. Preference is required to be given to community based nonprofit social service agencies and federal, state, or local government agencies in representative payee selection. These agencies when serving as payees for individuals receiving payments based on DA&A may retain the lesser of 10 per-

cent of the monthly benefit or \$51 (indexed to the Consumer Price Index (CPI)) as compensation for their services.

Establishment of one or more referral and monitoring agencies for each state is required.

1996

*Public Law 104-121,
enacted March 29*

An individual is not considered disabled if DA&A is a contributing factor material to a finding of disability.

Applies DA&A representative payee requirements enacted under Public Law 103-296 to disabled SSI recipients who have a DA&A condition and are incapable of managing their benefits. In addition, these recipients shall be referred to the appropriate state agency administering the state plan for substance abuse treatment.

Institutionalization

1972

*Public Law 92-603,
enacted October 30*

An individual who is an inmate of a public institution is ineligible for SSI payments unless the institution is a facility approved for Medicaid payments and is receiving such payments on behalf of the person. Under *regulations*, the Medicaid payment must represent more than 50 percent of the cost of services provided by the facility to the individual.

1976

*Public Law 94-566,
enacted October 20*

An inmate of a publicly operated community residence serving no more than 16 persons may, if otherwise eligible, receive SSI.

1983

*Public Law 98-21,
enacted April 20*

Payments may be made to persons who are residents of public emergency shelters for the homeless for a period of up to 3 months in any 12-month period.

1986

*Public Law 99-643,
enacted November 10*

Effective July 1, 1987, disabled or blind recipients who were receiving special SSI payments or had special SSI recipient status under section 1619 in the month preceding the first full month of institutionalization, may receive payments based on the full federal benefit rate for the initial 2 full months of institutionalization, if they reside in certain public medical, psychiatric or Medicaid facilities, or in private Medicaid facilities.

1987

*Public Law 100-203,
enacted December 22*

Effective January 1, 1988, payments may be made to persons who are residents of public emergency shelters for the homeless, for up to 6 months in a 9-month period.

Effective July 1, 1988, continued payment of SSI benefits for up to 3 months is permitted, at the rate that was applicable in the month prior to the first full month of institutionalization, for individuals whose expected institutional stay on admission is not likely to exceed 3 months, as certified by a physician, and for whom the receipt of benefits is necessary to maintain living arrangements to which they may return.

1996

*Public Law 104-193,
enacted August 22*

Effective December 1996, institutionalized children under age 18 whose private health insurance is making payments to the institution may receive no more than \$30 per month in federal SSI.

Vocational Rehabilitation and Treatment

1972

*Public Law 92-603,
enacted October 30*

Blind or disabled individuals receiving federal SSI benefits who are under age 65, must be referred to the state agency providing services under the Vocational Rehabilitation Act and must accept the services offered. States are reimbursed for the cost of services.

1976

*Public Law 94-566,
enacted October 20*

Blind or disabled children under age 16 must be referred to the state agency administering crippled children's services or to another agency designated by the state. States are reimbursed for the cost of services.

Of funds provided for these services, at least 90 percent must be used for children under age 6 or for those who have never attended public schools.

1980

*Public Law 96-265,
enacted June 9*

Disabled SSI recipients who medically recover while enrolled in approved vocational rehabilitation programs of state VR agencies, may continue to receive benefits during their participation in such programs if the Commissioner of Social Security determines that continuation in the program will increase the probability that they leave the rolls permanently.

1981

*Public Law 97-35,
enacted August 13*

Funding no longer provided under title XVI for medical, social, developmental and rehabilitative services to disabled or blind children.

Reimbursement for the cost of rehabilitation services will be made if the services result in the recipient's return to work.

1984

*Public Law 98-460,
enacted October 9*

Authorizes the reimbursement of states for the cost of VR services provided to individuals who (1) continue to receive benefits after medical recovery because they are participating in a state VR program or (2) refuse, without good cause, to continue in or cooperate with the VR program in which they had been participating.

1987

*Public Law 100-203,
enacted December 22*

Provision for continuation of payments to SSI recipients who have medically recovered while enrolled in an approved vocational rehabilitation program extended to blind SSI recipients.

1990

*Public Law 101-508,
enacted November 5*

Reimbursement authorized for the cost of vocational rehabilitation services provided in months in which the individual was not receiving federal SSI payments, if:

- SSI recipient status for Medicaid eligibility purposes was retained under work incentive provisions, or
- Benefits were in suspense² status (for a reason other than cessation of disability or blindness), or
- Federally administered state supplementation was received.

Extends the provision providing for benefit continuation to SSI recipients who medically recover while participating in a state VR program to include SSI recipients participating in a non-state VR program.

1999

*Public Law 106-170,
enacted December 17*

Establishes a program which will provide SSI (and OASDI) disability beneficiaries with a ticket that can be used to obtain vocational rehabilitation services, employment services, or other support services, from an employment network of their choice. Effective 1 year after enactment.

Continuing Disability Reviews and Eligibility Redeterminations

1994

*Public Law 103-296,
enacted August 15*

During each of fiscal years 1996, 1997, and 1998, requires SSA to conduct continuing disability reviews (CDRs) on a minimum of 100,000 SSI recipients. In addition, during the same

²Recipients who have lost eligibility for SSI benefits for fewer than 13 consecutive months are in suspended payment status.

period, requires SSA to redetermine the SSI eligibility of at least one-third of all childhood SSI recipients who reach age 18 after April 1995 during the 1-year period following attainment of age 18. Redeterminations for persons turning age 18 could count toward the 100,000 CDR requirement.

1996

*Public Law 104-193,
enacted August 22*

Repeals the requirement that SSA redetermine the eligibility of at least one-third of all childhood SSI recipients who reach age 18 after April 1995 during the 1-year period following attainment of age 18.

Requires a CDR:

- At least once every 3 years for SSI recipients under age 18 who are eligible by reason of an impairment which is likely to improve, and
- Not later than 12 months after birth for recipients whose low birth weight is a contributing factor material to the determination of their disability.

Requires eligibility redetermination for all childhood SSI recipients eligible for the month before the month in which they attain age 18.

Requires redetermination of eligibility for children considered disabled based on an individual functional assessment and/or consideration of maladaptive behavior.

Requires the representative payee of a childhood disability recipient whose continuing eligibility is being reviewed to present evidence that the recipient is receiving treatment which is considered medically necessary and available for the condition which was the basis for providing SSI benefits.

1997

*Public Law 105-33,
enacted August 5*

Modifies provision of Public Law 104-193 to extend from 12 to 18 months the period for redetermining the disability of children under age 18 under the new childhood disability standard.

Modifies provision of Public Law 104-193 to permit SSA to schedule a CDR for a disabled child for whom low birth weight is a contributing factor material to the determination of disability, at a date after the child's first birthday if the Commissioner determines the impairment is not expected to improve within 12 months of the child's birth.

Modifies provision of Public Law 104-193 to provide SSA the authority to make redeterminations of disabled childhood recipients who attain age 18, more than 1 year after the date such recipient attains age 18.

Deeming of Income and Resources

1972

*Public Law 92-603,
enacted October 30*

Deeming occurs when the income and resources of certain family members living in the same household with the SSI recipient are considered in determining the amount of the SSI payment. These family members are the ineligible spouse of an adult recipient and the ineligible parents of a child recipient under age 21.

After deduction of personal allocations for the spouse (or parents) and for ineligible children in the home, and after application of income exclusions, any remaining income of the spouse (or parents) is added to the income of the eligible person.

1980

*Public Law 96-265,
enacted June 9*

Children aged 18 or older are not subject to parental deeming.

Sponsor's income deemed to an alien for 3 years.

1989

*Public Law 101-239,
enacted December 19*

Disabled children receiving home care services under state Medicaid programs, who are ineligible for SSI because of deeming of parental income, and who received SSI benefits lim-

ited to \$30 while in a medical treatment facility may receive the \$30 monthly allowance that would be payable if the recipient were institutionalized.

1993

*Public Law 103-152,
enacted November 24*

Sponsor-to-alien deeming period extended from 3 years to 5 years, effective January 1, 1994, through September 30, 1996.

Considers an ineligible spouse or parent who is absent from the household due to active military service to be a member of the household for deeming purposes.

1996

*Public Law 104-193,
enacted August 22*

Deeming of income and resources from an immigration sponsor to a noncitizen continues until citizenship, with exceptions for those who earn, or can be credited with, 40 qualifying quarters of earnings. Effective for those whose sponsor signs a new legally enforceable affidavit of support.

*Public Law 104-208,
enacted September 30*

Amends Public Law 104-193 to add two exceptions to the sponsor-to-alien deeming:

- Provides that if the noncitizen is indigent and would be unable to obtain food and shelter without SSI benefits even after receiving support from the sponsor, then only the amount of income and resources actually provided by the sponsor will be counted for a 12-month period after a determination of indigence; and
- Provides that in certain cases, deeming would not apply for a 12-month period (with some options for extension) if the noncitizen (or his or her children) has been battered or subjected to extreme cruelty by family members.

1997

*Public Law 105-33,
enacted August 5*

Amends Public Law 104-208 to add an additional exception to sponsor-to-alien deeming when the parent of a noncitizen has been battered or subjected to extreme cruelty by family members.

Federal Benefit Payments

Federal Benefit Rates

Basic benefit standards are used in computing the amount of federal SSI payments. Benefit levels differ for individuals and couples living in households and for persons in Medicaid institutions. Individuals or couples living in their own households receive the full federal benefit. If an individual or couple is living in another person's household and receiving support and maintenance there, the federal benefit is reduced by one-third. The federal benefit rates for persons in households are increased annually to reflect increases in the cost of living. Legislation affecting the level of federal benefit rates since the inception of the SSI program are summarized in table 2.B1.

Windfall Offset

1980

*Public Law 96-265,
enacted June 9*

Offset (by reduction of retroactive Social Security benefits) to prevent persons whose initial OASDI payment is retroactive from receiving more in total benefits for the same period than if they were paid the benefits when regularly due.

1984

*Public Law 98-617,
enacted November 8*

Offset provision expanded to allow for reduction of retroactive SSI benefits and to apply in cases of OASDI benefit reinstatement.

Proration of Benefit

1982

*Public Law 97-248,
enacted September 3*

Benefit for first month of eligibility to be prorated by the number of days in the month for which an application has been filed and there is eligibility.

- 1996**
Public Law 104-193,
enacted August 22
- Changes the effective date of an SSI application to the first day of the month following the date on which the application was filed or on which the individual first becomes eligible, whichever is later. This, in effect, eliminates prorated payments in initial claims.
- Retrospective Monthly Accounting**
- 1981**
Public Law 97-35,
enacted August 13
- Changes the method of computing the SSI benefit to one under which the benefit amount is computed on a monthly basis and is based on income and other characteristics in the previous (or second previous) month.
- 1984**
Public Law 98-369,
enacted July 18
- Changes the method of computing the SSI benefit to persons receiving title II payments. The effect of the increased title II income at the time of the cost-of-living increase is not delayed as it otherwise would be.
- 1987**
Public Law 100-203,
enacted December 22
- Provides an exception to retrospective monthly accounting so that amounts received under Aid to Families with Dependent Children (AFDC), foster care, refugee cash assistance, Cuban-Haitian entrant assistance, or general and child welfare assistance provided by the Bureau of Indian Affairs are counted only in the month received.
- 1993**
Public Law 103-66,
enacted August 10
- Changes the method of computing the SSI benefit to persons receiving the value of the one-third reduction. The effect of the increased value at the time of the cost-of-living increase is not delayed as it otherwise would be. Effective January 1995.
- Uncashed Checks**
- 1981**
Public Law 97-35,
enacted August 13
- States that have federally administered supplements to be credited their share of SSI checks that remain unnegotiated for 180 days.
- 1987**
Public Law 100-86,
enacted August 10
- SSI checks now unnegotiable after 1 year. States are credited their share of SSI checks after 1 year rather than 180 days.
- Rounding of Payment Amounts**
- 1982**
Public Law 97-248,
enacted September 3
- Cost-of-living adjustments in the federal SSI benefit and income eligibility levels are to be rounded to the next lower whole dollar, after the adjustment is calculated. Subsequent cost-of-living adjustments will be calculated on the previous year's benefit standard before rounding.
- Penalties Resulting in Nonpayment of Benefits**
- 1999**
Public Law 106-169,
enacted December 14
- Provides a penalty under the SSI program for the disposal of resources at less than fair market value. The penalty is a loss of benefits for up to 36 months. A formula is provided to determine the number of months.
- Provides for the nonpayment of OASDI and SSI benefits (6, 12, and 24 months, respectively, for the first, second, and third or subsequent violations) for individuals found to have made a statement or representation of material fact for use in determining eligibility for benefits that the individual knew, or should have known, was false or misleading or omitted a material fact.

SSI: History of Provisions

1980 <i>Public Law 96-222, enacted April 1</i>	Earned income tax credit treated as earned income (temporarily excluded from 1975 through 1980).
<i>Public Law 96-265, enacted June 9</i>	Remunerations received in sheltered workshops and work activity centers are considered earned income and qualify for earned income disregards. Impairment-related work expenses paid by the individual (including cost for attendant care, medical equipment, drugs, and services necessary to control an impairment) are deducted from earnings when determining if an individual is engaging in substantial gainful activity. Impairment-related work expenses are excluded in calculating income for benefit purposes if initial eligibility for benefits exists on the basis of countable income without applying this exclusion.
1981 <i>Public Law 97-35, enacted August 13</i>	Modifies provision under which irregularly or infrequently received income is excluded to conform to change from quarterly to monthly accounting; amounts excludable: \$20 or less of unearned income and \$10 of earned income in a month.
1982 <i>Public Law 97-377, enacted December 21</i>	From December 18, 1982, to September 30, 1983, certain home energy assistance payments are excluded if a state agency certified that they are based on need.
1983 <i>Public Law 97-424, enacted January 6</i>	Support or maintenance assistance (including home energy assistance) provided in kind by a nonprofit organization or in cash or in kind by certain providers of home energy is disregarded if the state determines that the assistance is based on need. Provision is applicable through June 1985.
